

Missionary Focus

Enrique Fernandez
EFCA ReachGlobal – Costa Rica

Enrique and Becky are members of the EFCA Latin America Training Network (LATN), a ministry that is providing accessible theological education through the Internet to Christian Spanish speaking existing and potential leaders all over the world.

- Praise God for enabling over fifty students from fifteen countries to take courses. One of the most dramatic needs of the church of Latin America is leadership training at the highest level.
- Please pray for wisdom and safety as Enrique travels to Peru this month and Ecuador in April to plan with and train administrators at several theological schools interested in launching their own distance learning programs.
- Please pray for sensitivity and insight as directors from LATN meet with authorities from several other theological schools to determine better ways to network among those offering distance learning programs.
- Please pray for wisdom and good organization for Becky as she works on the arrangements for the Summit 2010 conference being held in March.

Kevin and Amy Hander
Agape Flights – Florida

Kevin is an assistant cargo manager and a pilot for Agape Flights, a non-denominational Christian aviation ministry dedicated to serving over 300 missionary families living in the Caribbean nations of Bahamas, Haiti, and the Dominican Republic by delivering mail, cargo, and critical ministry supplies.

- Praise God that due to the outpouring of donations and the aid of many volunteers, Agape Flights was able to get emergency supplies into Haiti less than 48 hours after the earthquake.
- Please pray for wisdom regarding the Agape Flights airplanes that had a collapsed landing gear in Haiti. The pilots are safe, but it is difficult to assess and repair damage to the aircraft at this time.
- Please pray for God's strength to keep Agape Flights staff strong, focused, united and joyful during this critical time.
- Please pray that the nearly 130 missionary families served by Agape Flights in Haiti will be able to continue to minister effectively and that the Haitian people will place their trust in God.

Brad and Kari Mullet
EFCA ReachGlobal – Hungary

Brad and Kari Mullet have served in Hungary since August, 1999. They serve on the EFCA's ReachGlobal Budapest City Team and manage the Kelenföld Ministry Center.

- Praise God for the large turnouts for the numerous ministries happening in the ministry center. The current ministries are expanding, and the Danube International Church is expected to move in very soon.
- Please pray for God's provision for some renovations that include painting the exterior of the building and outfitting the coffeehouse kitchen in preparation for the opening of a new subway station adjacent to the ministry center, which will add enormous visibility.
- Please pray that the new teammates scheduled to arrive in March will adjust quickly and be able to launch the new arts ministry and outreach right away in advance of the subway opening.
